Logging into iLab

- 1. In your browser, navigate to https://psu.corefactilities.org
- 2. Click the login button in the upper right corner.

About PSU Core Facilities Search Cores

The mission of the Office of the Vice President for Research is to support a rigorous program of faculty and student research and creative accomplishment by enhancing the environment for scholarly and artistic endeavors, encouraging the highest standards of quality, and fostering ethical conduct in research. As part of the mission of OVPR, CORES (Core Services) is being developed with the goal of support and encourage research at Penn State. CORES is dedicated to providing Penn State's research community with access to our research core facilities and services.

sign-up

Agilent's iLab Solutions provides our cores and core users with a web-based scheduling, ordering, and billing system to provide ease of access to state-of-the-art instrumentation, services, and expert staff.

To see a listing of our iLab and non-iLab cores, use the PSU Core Facilities tab.

Use the Search Cores tab to locate specific instrumentation, services, or expertise.

Penn State's F&A Rates

In order to support research, all federal and many non-federal sponsors reimburse not only the direct costs associated with research (ex. instrutmentation usage, analysis, and services provided by our research cores) but also the indirect costs associated with research (ex. cost of utilities, maintenance, administrative, etc.). These indirect costs are referred to as Facilities and Administrative (F&A) costs and are typically expressed as a rate. Invoices generated in iLab indicate only the direct costs. Penn State generated invoices recieved from the core will include both direct and indirect costs. For more information on F&A rates, please see Penn State's Facilities and Administrative Costs page.

Agilent Technologies, Inc. 2017

3. If you are an internal Penn State user:

1. Under the Penn State user (with Access ID) heading, Click the link labeled "here" to continue.
